Deployment of App and Website

Deployment of App and Website:

This includes a toolkit for informal carers describing the best ways to introduce the tablet technologies to clients of informal care and a platform for sharing good practice in the use of technology in informal care.

Tapology is available on IOS App Store for IOS 13 for iPad.

Information is also available online at www.tapology.design.

The Accompanying Toolkit TapTips is a document written to help informal carers introduce iPads and Tapology in a structured setting with specific goals and with a focus on identifying client needs.
