

Maidenraig Flood Management & Wetland Information Session

Fernielea Primary - 17/01/18

Comments received:

This will be great for:

- Wildlife
- Raising house prices
- Great potential
- It will rejuvenate the area

Questions:

- Will this require a HRA and planning application?
- Will the outflow from the cascading weir flood the ditch / burn?
- How are you going to protect the existing wildlife?
- Will there be opportunities for volunteers and schools to be involved / use the site?
- Will the access be blocked?
- Are we keeping the pond?
- Where can I go for more information and updates?
