

Shared Mobility Pledges

Key components to
maximise the benefits
of shared mobility

What can your
organisation do to
accelerate the growth
of shared mobility?

#sharedmobilitypledge

Together we can make ensure the benefits of shared mobility are enjoyed by all.

Why pledge?

By sharing our pledges, we can exchange ideas, promote partnerships and build momentum around this key area in future mobility. CoMoUK is expanding the work of our SHARE-North EU partners to create a network of pledgers.

We are asking your organisation to take action to support shared mobility.

Provide your details below and we will get in touch to gather details for our online pledge wall.
